

7W High Power LED Light Bulb

1. FEATURES:

- ⚙ High Power LEDs application
- ⚙ Direct replacement of 40W incandescent bulb
- ⚙ Color temperature consistency
- ⚙ High color rendering (>85)
- ⚙ Universal power voltage AC100~240V
- ⚙ Low maintenance cost: Energy saving and Long life time
- ⚙ Environmental friendly, meets RoHS requirements

2. SPECIFICATION:

Model Name	7W Globe LED Light Bulb
Model No.	HPL-AACAS000 (E26) HPL-AADAS000 (E27)
Total power consumption	7W
Input Voltage	90~250V
Glass Bulb Finish	Frosted
Color Temperature	3000°K
Color Rendering Index	>85
Brightness (Steady State)	300 lumen
LED Lifetime	>30,000 hrs
Lamp Base	E26/E27
Operating Temperature	-20°C ~+40°C
Dimension	Height 105mm; Diameter 55mm
Safety Approval	UL/CE

Attention:

- Not suitable for enclosed fixtures. For use in fully open air or well-vented fixtures only.
- Not suitable for dimmer.
